**One of only three bulls identified
with maximal Gene Star expression
for carcass quality & tenderness over
all breeds evaluated.**

Comments: This elite Wagyu bull was sired by **JVP Fukutsuru 068** the number 1 marbling EPD bull . Ichiro's dam's sire **Sanjirou** is the number 3 EPD marbling bull and his granddam's sire **Michifuku** is the number 7 EPD marbling bull and the number 2 EPD rib eye bull. This Tajima breeding has resulted in maximal gene star numbers for quality grade and tenderness as evaluated by Bovigen. (2006 National Wagyu Sire Summary)

Comments: This young Wagyu bull was sired by **JVP Fukutsuru 068** the number 1 marbling EPD bull . 31R's maternal sire **Michifuku** is considered the best carcass bull of the Wagyu breed because of his number 2 ranking EPD in rib eye and back fat associated with the number 7 ranked EPD marbling bull. This 75%Tajima breeding and 25% Shimanie breeding should result in excellent carcass quality and yield associated with growth .
